**STANDARD:** Written policy, procedure, and practice shall require that precautions be taken during all stages of substance abuse testing operations. It is crucial that staff adhere to basic practices established for the protection of staff, juveniles, visitors and the work environment.

**DISCUSSION:**

The following precautions are recommended:

- Use rubber gloves during the handling of specimens
- No eating or drinking in the collection or testing area
- No refrigeration of food where chemicals and specimens are stored
- Wash hands following drug-testing operations

**NOTE:** The standards and procedures set forth herein are intended to establish operational guidelines for community supervision agencies and their employees/contractors and juveniles under supervision. They are not intended to establish state created liberty interests for community supervision agencies or their employees/contractors, or supervised juveniles, or an independent duty owed by the Juvenile Justice Authority to community supervision agencies, or their employees/contractors, supervised juveniles or third parties. This standard and procedure is not intended to establish or create new constitutional rights or to enlarge or expand upon existing constitutional rights or duties.
